

## BACKUP SERVICES

# HOW MUCH DOES 4 HOURS COST YOUR BUSINESS?

## PROTECT YOUR CRITICAL INFORMATION FROM THE MOST LIKELY FORM OF LOSS: HUMANS

Accidental deletions, ex-employees, even malicious activity – CharlesIT backs up, protects and allows you to instantly restore accounts and data so your business can return to normal.

## ALL DEVICES AND DATA COVERED

In the cloud, on your phone, or on your server, keep your business data protected. Charles IT's state-of-the-art technology and infrastructure can protect your business from downtime, even if your physical hardware has been destroyed.

## GET BACK TO BUSINESS FASTER

Our Instant Virtualization technology virtualizes systems either locally on the Datto appliance or remotely – within seconds.

## YOUR DATA SECURED

Have you ever had an upset employee take information from you or your company? You can sleep soundly knowing every file is in your control and protected with our Screenshot Backup Verification.
